

CLAUSE I-13 – AUTHORIZATION AND CONSENT (August 2002)

- (a) SURA hereby gives its authorization and consent for all use and manufacture, of any invention described in and covered by a patent of the United States in the performance of this subcontract or any part hereof or any amendment hereto or any subcontract hereunder (including all lower-tier subcontracts).
- (b) The Subcontractor agrees to include, and require inclusion of, this clause, suitably modified to identify the parties in all subcontracts at any tier for supplies or services (including construction, architect-engineer services, and materials, supplies, models, samples, and design or testing services expected to exceed the simplified acquisition threshold); however, omission of this clause from any subcontract, including those at or below the simplified acquisition threshold, does not affect this authorization and consent.
